

DEDDINGTON PARISH COUNCIL

Minutes of the meeting of the Parish Council held on Wednesday, 13th December, 1995 at the Town Hall, Deddington at 7.30 pm.

**Present:-** Councillors Todd (Chairman), Mrs Brewer, Clarke, Clinch, Colley, Cosgrove, Drake, Mrs Fisher, Flux, Miss Hill, Mrs Lee, Oddy, Mrs Stevens and Mrs Swash. County Councillor Matthews and District Councillor O'Sullivan in attendance.

98/95 There were no apologies for Absence.

99/95 Minutes of the Meeting of Council held on 15th November, 1995.

Subject to the addition of Cr Colley in the list of members present at the meeting, the minutes were approved as a true record and signed by the Chairman.

100/95 Matters arising.

Cr Colley expressed his disappointment at the lack of detail in the minute recording the debate relating to the Clifton Footpath.

101/95 Any other urgent business.

The Chairman allowed a request from Cr Mrs Swash to discuss car parking.

102/95 Prioritisation of Capital Schemes.

The Clerk reported that he had given weightings to the schemes for which members had stated their priorities, the schemes having the highest priority weightings being as follows:-

- A Clifton Play Area Levelling Works
- B Acquisition and repairs to Town Hall
- C Works to Clifton Footpath
- D Cleaning and Repainting Parish Church Clock Face
- E Public Toilets
- F Street Lighting Improvements.

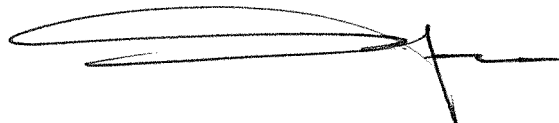

Each of the Committee Chairmen then spoke to their priority schemes.

Recreation - Cr Drake referred to the quotations which had been received for the works to the Clifton Play Area and the Clerk commented that Mr Sacha of the District Council was of the view that the one from Messrs DesignGro in the sum of £1,500 plus VAT would give the best results.

Environment - Cr Mrs Brewer reported as follows:-

Street Lighting Improvements - There was a need for 2 new lights, 1 on the footpath to the Daedings and 1 at The Lane, Hempton and the upgrading of 2 lights in The Stile and at Tays Gateway at an inclusive estimate of £3,500.

Clifton Footpath - The Committee were still of the strong opinion that these works were the responsibility of the County Council but recommended that the County Council be offered a

2.

a loan of £20,000 repayable over 5 years by equal annual instalments of £4000 plus interest at 1% above Barclays Bank Base Rate to construct a path with edging suitable for the use by prams and wheel chairs during 1996/97. It was agreed unanimously that this offer be made to the County Council. It was also resolved that people living in Clifton should be more vociferous in their support for these works to be undertaken. A letter from Mrs Williamson of Clifton was read urging the importance of undertaking works to the footpath.

Parish Church Clock - A letter from Mr Walsh was circulated containing quotations for repairs to the Clock at £1,205 plus VAT and for the repairs to the outside mechanisms, cleaning and repainting the dials in black, regild hands, roman numerals, minute track and chapter ring in 23.5 carat double gold leaf at £3,730 plus VAT. A copy of the letter is filed as an appendix to these minutes. General support was given for these works.

Planning and Property -

Town Hall Cr Miss Hill circulated quotations for necessary repairs to the roof, north elevation walls, pointing of the brickwork and provision of improved heating at a cost of £4,940. Additionally Mr Spencer had been asked to delay the replacement of the window in the north elevation at his accepted quotation of £421.79 in order that scaffolding was not erected on 2 occasions.

The Clerk read 2 letters from Mr Hunt regarding the acquisition of the Town Hall informing the Council that he had requested advice from the Charity Commission. There was a possibility of a grant towards the repairs from the District Council and if approval is given to the works an application will be made.

Public Toilets Cr Miss Hill stated that the provision of toilets was not only a matter of capital expenditure but also involved a considerable ongoing revenue expense in respect of cleaning, security and provision of supplies. Cr Hill offered, and it was agreed by 12 votes to one that she would prepare a report for the February meeting of the Council detailing both capital and revenue matters.

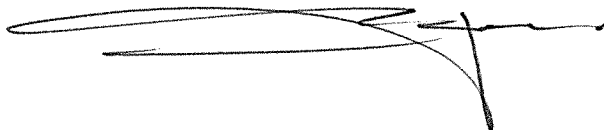

Debate then ensued on the the various projects following which Cr Flux moved that the capital programme for 1996/97 be £15,000 made up as follows:-

	£	
Street Lighting Improvements	3,500	
Clifton Play Area Levelling Works	1,500	
Town Hall Repairs	5,000	
Repairs & repainting of Church Clock	5,000	
	<u>15,000</u>	This motion was

approved nem con.

**103/95 "To discuss the Parish Precept in Open Session...."**

Members were, in general, satisfied with the precept agreed by Min. 63/95 particularly following the debate on capital schemes, the subject of the previous minute.

**104/95 Environment Committee.**

Cr Mrs Brewer reported as follows:-

- ✓ (a) Kill Your Speed Signs. The County Council had checked the sites as proposed by this Council (Min 73/95) and though the locations were agreed they would require posts in 2 instances where this Council had suggested other means of display. To complete the scheme would now cost £874, an increase of £64 over the agreed estimate. Agreed nem con that the full scheme be approved.
- ✓ (b) New Street/High Street Footpath Works. A plan of the works was displayed from which it was apparent that the Clerk's estimate of a requirement of 600 metres of granite setts, for which the Council had agreed to contribute £2 per metre, was excessive. The Clerk was asked to obtain confirmation from the County Council that the reclaimed blue bricks and paving slabs were for reuse in Deddington.
- (c) A letter from Mr Bidgood drawing attention to the dangerous condition of the pavements around Church Street and the Eastside of the Market Place. This matter had been drawn to the attention of the OCC on several occasions and the Clerk had forwarded a copy of the letter to the OCC.
- (d) Tree Preservation Orders. The Arboricultural Officer of the District Council had inspected the trees along the Hempton Road and would shortly be making his recommendations. It was hoped in the future to consider further trees for TPO'S within the Conservation Area.
- ✓ (e) Cemetery Fees. The Clerk had prepared a schedule of increased Fees to take effect from 1st April, 1996, there having been no increase since May, 1993. Following queries regarding certain charges, Cr Mrs Brewer moved and it was agreed unanimously that the schedule of increased fees be approved. (Copy of Schedule filed with the Minutes).

**105/95 Recreation and Grants Committee.**

Cr Drake reported as follows:-

**Grant Applications**

- (a) Woodland Trust. The Committee had discussed this application and several queries had been raised, some of which had been answered at a public meeting held this morning. It was the intention to call a further public meeting in the New Year at which the outstanding matters could be answered. Pledge forms had been printed for circulation in the village and it was proposed by Cr Flux, and agreed nem con, that these be issued to parishioners, returned pledges to be received by the Clerk.
- ✓ (b) Mums and Tots Group. Unfortunately this application had gone astray, and he gave detail from the original letter received from the Group. Agreed that the Group receive an apology, but be asked to reapply.

**106/95 Planning and Property Committee.**

Cr Miss Hill reported as follows:-

Applications

95/1755TCA - The Maunds, High St. - Reduce Height of Conifers - No objection.

95/1808F - 1, Chapmans Lane - New 2 Bedroomed Bungalow, Double Garage and Access to serve new and existing Dwelling - Object strongly re backland development and additional traffic onto Chapmans Lane.

95/19100UT - Clifton Mill - New Dwelling - Object on the following basis:-

(a) it is backland development and will be very visible across the valley and

(b) access onto the B4031 at this point is very dangerous and the addition of extra vehicles requiring access, should this application be granted, would increase the problem.

The above recommendations were approved nem con.

Approvals

95/1579F & 95/1580LBD - The Hermitage, Market Place - Demolish conservatory and form cloakroom and storage area.

95/1732F - The Little House, Clifton Road - Replacing existing flat roof with gabled roof etc.

Cr Cosgrove circulated a report upon his attendance at a meeting to inspect the RAF Upper Heyford Site. This gave a detailed description of the present developments on the site and would be of considerable use in this Council's consideration of future developments. The Chairman thanked Cr Cosgrove for his attendance and the report.

**107/95 Windmill Committee.**

Cr Flux informed members that there had been no necessity to call a meeting of his Committee. Cr Miss Hill enquired regarding the condition of certain of the new trees and the maintenance of the planted areas. Cr Flux stated that these matters were under investigation.

**108/95 Accounts for Payment.**

Accounts totalling £10,696.30, in accordance with a schedule circulated at the meeting, a copy of which is filed in the minute book, were approved for payment.

**109/95 Investment of the Council's Funds.**

The Clerk reported that at close of business on 12th December, 1995 the balances were as follows:-

£	
450,000.00	Privilege Bond with the Bradford & Bingley Building Society at 6.7% variable, for a 2 year period expiring on 10th May, 1997 with a break for full repayment on 10th May, 1996.
120,000.00	Treasury Deposit at 6.125% fixed to 9th January, 1996
12,969.57	at 4.75% subject to 14 days notice
8,116.17	at 3.375% overnight
<u>591,085.74</u>	

**110/95 Correspondence.**

(a) Letter of thanks from the County Council regarding this Council's comments on the Structure Plan.

(b) Letter and enclosures from Best (Holland) exchanging mutual interesting information following the successful visit of the Parish Church Choir to that town. The Clerk had responded with local literature.

(c) Road Safety publication from the County Council regarding the use of Speed Cameras in Oxfordshire.

(d) Letter from Cherwell Construction Services stating that they are currently consulting the County Council regarding the Earls Lane Traffic Management Scheme.

(e) A copy of a synopsis of the Government's Rural White Paper had been circulated to each Member and would be discussed at the next Council Meeting.

(f) Consultation Papers had been received and were available for inspection from the Oxfordshire Health Authority and the County Council regarding Care in the Community.

(g) Copies of correspondence between the Council's solicitors and those of Wilcon Homes Ltd relating to the purchase of the Barleyfields Open Space.

(h) Letter from the Council's Solicitors requesting the names of two members of the Council authorised to sign the Deeds authorising the appointment of this Council as Custodian Trustees of the Holly Tree Club and grounds. Resolved that Crs Todd and Mrs Brewer be so appointed.

(i) Letter from the North Oxfordshire Carers again seeking local volunteers who will expand the network of local information on services available to enable people to lead a better life while staying in their own homes.

(j) Application for a change of licensee from Edward Sinclair to Mrs Susan Oddy at the Kings Arms with effect from the 7th February, 1996.

(k) Application for a change of licensee from D Risato to Alan Humphries at the Crown and Tuns with effect from 3rd January, 1996.

(l) Letter from Mr V Harrap requesting the laying of slabs adjacent to the water trough at the Cemetery which presently is a rather muddy area. The Clerk reported that this matter was in hand.

(m) Details of the weights of recycled waste from the Deddington Centre were as follows:-

Month	Tonnes			
	Glass	Paper	Steel	Aluminium
1995				
July	4.24	1.399	.027	-
August	2.69	1.218	.113	-
September	2.17	2.359	.022	-
October	2.37	1.718	.052	-

(n) The Clerk reported that the B P C V Organiser had visited the Castle Grounds regarding the possibility of volunteers working on tidying the tree areas in the Council's ownership. She thought that it provided a very suitable task which would

6.

take 2 or 3 weekends. There would be a £200 management and supervision fee and no further costs, should free overnight accommodation be provided, the Windmill Centre being suggested as an ideal venue. It was agreed that the Clerk should write to English Heritage to enquire whether their land could be included.

(o) Notification of 2 Christmas Holiday Sports Road Shows to be based at the Windmill Centre.

(p) The Clerk reported that the audit of the Council's Accounts for 1994/95 had been completed and there were no outstanding matters.

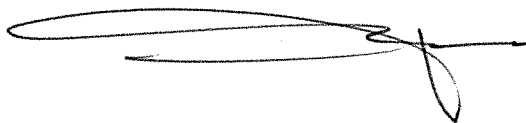

✓ **111/95 Any Other Business.**

Cr Mrs Swash referred to the continuing difficulties regarding access to the Grove by reason of cars parked in the narrow entry. Resolved that the Clerk again take up this matter with the County Council as the present road marking had been ineffectual.

**112/95 Date of Next Meeting.**

The next meeting of the Parish Council will be at the Town Hall on Wednesday, 17th January, 1996 commencing at 7.30 pm.

-----  
PLEASE NOTE THAT THE PUBLIC MEETING REGARDING THE MILLENIUM  
WOOD AT BLOXHAM BRIDGE WILL BE HELD AT THE TOWN HALL, ON  
WEDNESDAY, 10th JANUARY, 1996 COMMENCING AT 7.30 pm.  
-----

# RAF UPPER HEYFORD

## REPORT ON UPPER HEYFORD VISIT ON BEHALF OF DEDDINGTON PARISH COUNCIL

This site consists of some 1,245 acres of land and numerous buildings primarily associated with the operational and administrative running of a military airfield. There is a 2 mile runway in good condition.

Pending hand-over to a North Oxfordshire Consortium (NOC) in early 1996 the site is under the care of the Ministry of Defence (MOD) who are already letting out space and buildings on a short-term lease basis.

The main lessees at present consist of motor vehicle distribution companies - Keddy and Wallon. The former occupy 3 hangars and the latter 1 hangar - both also leasing office buildings. An estimated 16,000 cars are already stored along runways and peritracks. It appears that both these operators wish to stay on a long-term basis.

*(The representative for North Aston complained to the MOD representative about an intense light which was capable of lighting up houses in his village at night. It appears that this source was connected with the security system and would be looked into)*

The presence of asbestos in one of the Keddy hangars is being dealt with by the MOD and this will extend to any other sources of this material.

A third car operation is due to start in April 1996 and the "Black Cat Fireworks company intend to open up on the site subject to planning permission and showing evidence of being able to meet with required standards.

Thames Valley police has a dog handling unit on the site and it is considered that this police presence provides a useful security bonus.

46 houses are let on a short-term basis - largely to people still working on the base.

Modern buildings exist which were once squadron administrative offices and as such would make suitable future office suites.

Certain areas of the site have been let to local farmers for sheep grazing at the eastern end of the site and this area will be electrically fenced.

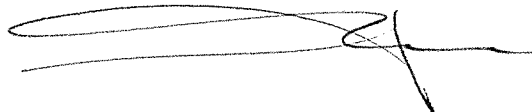

Prior to the hand-over to the NOC the MOD will be holding an auction of 'sundry assets'.

Due to the cost of security, there has been no letting of properties on the south side of the road running through the site. Basically it is considered that the properties in this part of the site are not mortgageable and therefore would not warrant the expenditure. (*Could they not be suitable for the homeless as a temporary measure?*) In fact these buildings are no longer being maintained. One house on this south side is occupied by a 'valued handyman' and the TVP use some rooms in a building thoron.

#### FACILITIES

- Electricity - There is an electric generator system which, although installed by Americans, is of dual voltage (110/230 volts). This unit is capable of lighting a small town.
- Water - With regard to water there has been a leakage of some 350,000 gallons of water (per day?) which had now been stopped. Likewise leaking pipes have been attended to in the officers houses. There is a separate sewage system which is not connected to the mains. Thames Water ensure that supply tanks are topped up every night.
- Fuel - Storage exists for around 1 million gallons of petrol/oil.
- Hospital - It appears that a fully equipped hospital exists in which currently no private interest has been shown due to the present short-term leasing arrangements giving no element of *etc. permanence*. However it seems that the NOC are looking at this hospital's potential.
- Sports - There is a gymnasium with a fully sprung floor and to keep this in good condition offers of use would be welcomed.  
- Other sports areas exist on the site and there are extensive play areas containing equipment which will be for sale shortly.
- Chapel - The chapel is currently being used by the Chipping Norton Theatre company as workshops.
- Lighting - The main road through the one-time camp is no longer lit; Oxfordshire County Council (OCC) refuse to ~~to~~ turn them on.

The existing residents are very upset at this move; they consider that as they pay council tax the facility should remain in operation - particularly as children are at risk.

*(The MOD representative asked that their plight be followed up with OCC by the various Pariah Councils represented in the visit.)*

- Footpaths
- Entrances/exits which are normally kept closed are occasionally opened up by eh MOD but not by the Cherwell District Council CDC)
  - Public footpaths previously in existence prior to the establishment of an MOD facility will be dealt with by the NOC in about 2 years time.

1st December 1995

David H Blakey IPFA  
Clerk to the Council  
Deddington Parish Council  
The Windmill Centre  
Hempton Road  
Deddington  
Banbury  
Oxon  
OX15 OQH

12th December 1995

Dear Mr Blakey

**Parish Church Clock**

Further to your letter regarding the above we now have pleasure in offering our quotation for the works to the clock as follows:-

Erect scaffolding inside the church tower to gain access to the three motion gears, strip out motion gears, manufacture and install new bearings, clean, assemble, paint, re-install and set up.

Strip out clock bevel gear, manufacture and install new bearings, clean, repaint and reset all motion gear re-aligning and setting all hands to read same time

Price for the above £1205.00 + VAT

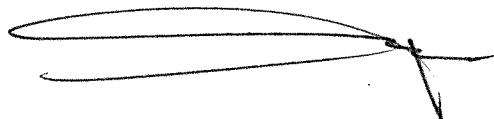

It would be sensible while we are doing work to the clock to complete the works by stripping out the hands on the exterior of the building and replacing any defective equipment thereon. If you are going to rebuild the equipment to the inside of the tower it is only sensible at the same time to rebuild the rest of it. Normally we would carry out the regilding and repainting of the dials from a bosuns chair, however as you would obviously like this work carried out in conjunction with the work on the inside of the tower I would suggest that you scaffold the exterior of the tower to gain access to the dials and not only repaint and regild from this scaffolding but also strip and rebuild the exterior works of the clock. We are of the opinion that this is the only way to do the job properly and be certain of some years of trouble free operation after this therefore we quote separately for those works as follows:-

---

Scaffolding to the exterior of the tower to gain access to the three dials, strip out hour and minute tubes, hands and associated gear, rebuild as necessary, reassemble, clean and repaint the dials in black, regild hands, roman numerals, minute track and chapter ring in 23.5 carat double gold leaf Remove scaffolding clean and tidy.

Price for the above £3730.00 + VAT

Yours faithfully

Peter E Walsh

### PARISH/TOWN COUNCILS IN THE RURAL WHITE PAPER 1995

In October 1995 the Government published a Rural White Paper under the title "Rural England: A Nation Committed to a Living Countryside". Amongst other things the White Paper reviews the role of parish/town councils, saying that they "have the potential to respond effectively to the needs and priorities of local people and to represent their views". It states the Government's intention "to help parish councils develop their role further".

In effect, the sections in the White Paper dealing with parish/town councils are the Government's follow-up to its 1992 consultation paper on "The Role of Parish and Town Councils in England" and to the responses to that paper.

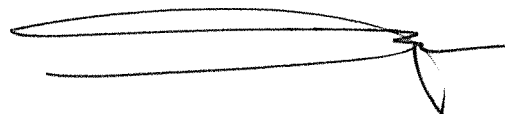

The matters covered by the White Paper in relation to parish/town councils fall into two categories:

- . those which the Government is considering or has made decisions on - these are summarised in annex A attached; and
- . those on which the Government is inviting comments before deciding what to do - these are summarised in annex B attached.

Comments on the latter should be sent by March 1996 to: Steven Watts, Room N7/16, Department of the Environment, 2 Marsham Street, London, SW1P 3EB.

Our Association (at both County and National levels) will make a response on behalf of local councils generally. The County Office at the above address would welcome your council's views, including a copy of any comments sent to the Department of the Environment. This will help us in drafting our response.

John Hardwicke  
Secretary

OALC/JHH/ML/A:RWP  
9th November 1995

## MATTERS IN PROGRESS

According to the Rural White Paper, the Government or its agents are considering or have made decisions on the following matters:

### Consultation and Delegation

The Government has accepted the Local Government Commission's recommendation that "a clear consultative framework should be established between parish and town councils and principal authorities". It will "introduce legislation at the earliest opportunity to provide this framework".

The Government will not, however, require principal authorities (i.e. county and district councils) to delegate functions to parishes. Instead, it will "encourage delegation by means of agency agreements between authorities where these would be practicable and cost effective".

The Government will also monitor whether county and district councils are keeping their promises (which they made during the recent review of local government) to improve consultation and devolve powers to parish and town councils.

### Footpaths and Bridleways

The Government will "encourage parish councils to play a more active role in the management of footpaths within their area". It will do so "by encouraging three or four parish councils to group together to make the task more practicable", and has invited the Countryside Commission to develop "a pilot project to build on the experience of the Parish Paths Partnership". (The latter scheme, launched in 1992, offers grants to parish councils to encourage them to manage local footpaths and bridleways.)

### New Parishes

The Government is "reviewing current policy on setting up new parishes and, in particular, the criteria in DoE Circular 121/77". (The latter provides guidance on parish reviews and sets out the criteria for deciding whether or not to create a new parish, e.g. population size.)

### Training and Advice

The Rural Development Commission "is considering ways in which it can help to enhance the role of parish councils", such as training for parish councillors and support for their county associations. (As an example of the former, the Rural White Paper cites the Local Policy courses offered by Cheltenham and Gloucester College of Higher Education.)

\_\_\_\_\_ 

MATTERS FOR CONSULTATION

The Rural White Paper invites comments by March 1996 on the following proposals:

Transport

To enable parish/town councils to take a more active role in developing flexible transport solutions to meet community needs, the Rural White Paper proposes legislation to give parish/town councils the power to:

- . conduct surveys to establish the transport needs of the community;
- . provide support for community minibuses;
- . contract with local taxi companies to provide transport for the most needy members of the community;
- . organise car sharing schemes;
- . provide information on local transport services.

The resources for these activities would be raised entirely through the parish/town council's precept on its council tax payers.

(Note: at present, if a parish/town council wishes to spend money on any of the functions listed above, it can do so only under s.137 of the Local Government Act 1972, the so-called "Free Resource".)

Policing and Crime Prevention

To enable parish/town councils to work more closely with the police, the Rural White Paper proposes legislation to give parish/town councils the power to:

- . contribute towards the costs of recruiting, training and equipping local neighbourhood special constables;
- . support crime prevention activity.

The resources for these activities would be raised entirely through the parish/town council's precept on its council tax payers.

(Note: at present, if a parish/town council wishes to spend money on either of the above functions, it can do so only under s.137 of the Local Government Act 1972, the so-called "Free Resource".)

Audit Requirements

Because of the excessive burden which audit fees can represent for the smallest parish councils, the Rural White Paper proposes legislation to abolish the audit requirement altogether for the smallest parishes, subject to safeguards on accountability.

DEDDINGTON PARISH COUNCIL

Review of Cemetery Fees to take effect on 1st April, 1996

The Cemetery Fees were last increased with effect from 28th April, 1993 and it is suggested that it is now time for a further review.

Set out below are the recommended charges for the Cemeteries in Banbury together with this Council's current charges and a recommendation to take effect from 1st April, 1996.

Item	Banbury Recommend'n from 1.4.96	Deddington Current Charges	Deddington Recommend'n from 1.4.96
<b>Part 1 - Interments</b>			
For the interment in any grave			
(a) of the body of a child whose age at the time of death did not exceed 12 years.	No Charge	No Charge	No Charge
(b) of a person exceeding 12 years	£100.00	£ 30.00	£ 40.00
(c) of an urn of ashes	£ 74.00	£ 10.00	£ 13.00
<b>Part 2 - Exclusive Right of Burial</b>			
(a) For the Grant of an exclusive right of burial in perpetuity in an earthen grave 7'x 3'			
12 years and under	£ 74.00	£ 20.00	£ 20.00
Over 12 years	£148.00	£ 20.00	£ 40.00
(b) For the Grant of an exclusive right of burial in perpetuity of cremated remains in an earthen grave 2'x 2'	£ 74.00	£ 6.00	£ 12.00
(N.B. Cherwell grant 100 year leases.)			
<b>Part 3 - Monuments etc (including first inscription)</b>			
(a) Headstones not exceeding 4' in height	£ 66.00	£ 22.00	£ 30.00
(b) A vase not exceeding 2' in height	£ 16.50	£ 22.00	£ 22.00
(c) Kerbstones	£ 58.00	£ 5.00	£ 7.00
(d) Inscriptions after the first	£ 18.50	£ 4.00	£ 5.00

(N.B. (a) The present charges in the scale of fees for flat stones, walled graves and vaults have been omitted as they have not, as yet, been used and would not be fitting in a Cemetery which is predominantly a Lawn Cemetery.

(b) The fees in part 2 will be increased by 100% in respect of persons not residing in the Parish of Deddington, with no change to the present definitions.
